PROFILE SUMMARY

- Motivated Computer Science undergraduate with strong fundamentals in C++, OOPs, and Data Structures.
- Hands-on knowledge of HTML, CSS, and MySQL, with interest in building efficient applications.
- Strong problem-solving mindset to analyze requirements, engineering impactful Generative AI applications.

EDUCATION

Course	Institute Name	University/ Board	Year	Score	Course Type
B.Tech	Lakshmi Narain College of Technology and Science, BHOPAL	RGPV	2023- 2027	CGPA: 8.72	Full Time
HSC (XII)	D A V Calderys Public School Katni	CBSE	2022	83.4%	Full Time
SSC (X)	D A V ACC Public School Katni	CBSE	2020	87.2%	Full Time

PROJECTS

Limit Order Book (LOB) Trade Engine | C++, STL, DSA.

[GitHub](#)

- Trade Execution Logic: Engineered a C++ engine using the Price-Time Priority (FIFO) algorithm to facilitate seamless matching between buyers and sellers.
- Order Management & Thread Safety: Implemented Limit and Market orders with automated execution and cancellation workflows, integrating std::mutex for overbooking prevention.
- Market Depth Dashboard: Developed a terminal-based L2 visualizer to track live spreads, volume aggregation, and Last Traded Price (LTP).

Q-Gen: AI Quiz Generator & Assessment Platform | Python, FastAPI, LangChain, SQLAlchemy.

[GitHub](#)

- Developed an asynchronous Generative AI pipeline using LangChain and Groq API to automate quiz generation from PDFs and custom topics.
- Built a FastAPI backend with custom Role-Based Access Control, implementing PyJWT and bcrypt for secure user authentication.
- Created interactive Streamlit web portals for live assessments and leaderboards, integrating SQLAlchemy ORM with PostgreSQL for data management.

TECHNICAL SKILLS

- **Programming Languages:** C++, Python, SQL.
- **Libraries & Frameworks:** FastAPI, LangChain, Pydantic, SQLAlchemy.
- **Frontend:** HTML5, CSS, Streamlit.
- **Databases:** MySQL, PostgreSQL, SQLite.
- **Tools :** VS Code, GitHub.

CERTIFICATIONS/ ACHIEVEMENTS

Programming in Modern C++

[certificate](#)

- Completed the 12-week NPTEL 'Programming in Modern C++' course, building a solid baseline in core language concepts and the STL.

Eureka 2024 (E-Cell, IIT Bombay)

[certificate](#)

- Zonal Round Winner; advanced to Semifinals held at IIT Bombay for entrepreneurial ideation and problem-solving.

EXTRA-CURRICULAR ACTIVITIES

Event And Management Coordinator E-Cell LNCTS

- Coordinated college-level entrepreneurial events, managing logistics, budgeting, and scheduling.

Debate Club LNCTS Member

- Organized intra-college debate competitions, contributing to a culture of discussion & analytical thinking.
